

# POWERFUL MOBILE LIFT SOLUTION

## Lift Reels Effortlessly With The 900 Power Lift

Providing the freedom to load reels onto the grinder with ease, this lift simplifies handling in the shop. An optional workstation table attachment transforms it into a mobile workstation, offering an adjustable work surface wherever it's needed.

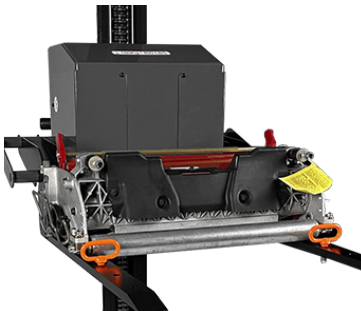

Specs	
Length	54" in (137cm)
Width	38" in (97cm)
Height	67" in (70cm)
Weight	475lbs (216kg)
Battery	(2) 12V 18AH
Charging	Wall Plugin

### Optional Attachments:

- Easy-on / Easy-off Work Table
- Reel Pivot System

### Compatible With Foley Grinders:

- 653 ACCU-Master
- 633 ACCU-Pro

### Long-Lasting Battery

Operates with two 12V 18Ah batteries, providing reliable power for a full day of continuous lifting.

### Easy-To-Use Controls

Simple, user-friendly controls make it easy to lower cutting units and smoothly navigate the shop floor.

### 400 lbs Lift Capacity

Designed to load cutting units in and out of grinders, fully eliminating the need for lifts or hoists.

### Efficient Reel Loading

Forks lay completely flush with the floor, allowing smooth roll-on and roll-off access with ease.
