HD PROLINE

TOUGH MACHINES FOR TOUGH JOBS

With commercial grade engines and up to 6mm thick cast aluminium decks, Toro® Proline mowers are designed to withstand the demanding conditions of professional gardeners and landscapers.

TUNNEL DESIGN

Reduces chance of plugging and more efficiently collects grass with its wide design and geometry.

ANTI-SCALP CUP

Protects the turf from scalping when mowing uneven surfaces. It also provides additional protection to blade bolts.

EASY-EMPTY BAG

Makes quick work of grass clipping disposal and features an easy on/off design.

COMMERCIAL DECK

Withstands the abuse of commercial mowing with a 6mm thick die-cast aluminium deck, while minimising overall weight.

POWERFUL COMMERCIAL ENGINE

Performs reliably in demanding conditions and has a replaceable spin-on oil filter for easy maintenance.

HEAVY DUTY 53CM PROLINE®

22293

For optimal performance and productivity, choose the new Proline Mower model 22293 with its maintenance-free 3-speed transmission, rugged tubular engine guard, steel skid plates on the deck, anti-scalp cup and more.

HEAVY DUTY 76CM TURFMASTER™

TURFMASTER

FINISH THE JOB FASTER

The Toro® 76cm TurfMaster is in a class of its own. It covers more ground in less time than smaller models, yet is easy to handle. And every component from top to bottom is built for heavy use in rough conditions, from curbs to trailers to multiple operators. It's professional-grade toughness with a professional-quality of cut.

**Time Savings via wider cutting path and enhanced speed of TimeMaster vs. 53cm Toro mower, and will vary due to mowing conditions.*

TWIN BLADE CUTTING SYSTEM

Increases contractor productivity as the 76cm wide deck and unique twin blade system offer savings of up to 40% on mowing time*.

HEAVY-DUTY COMPONENTS

Like deck skid side skirts, steel bull-nose front bumper, tough sealed transmission and a strong one-piece handle are designed for the demands of commercial mowing.

BLADE BRAKE CLUTCH (BBC)

Stops the blade but enables the engine to continue running while emptying the grass bag or traveling over non-grassed areas.

2-POINT HEIGHT OF CUT

Makes it easy to adjust deck height.

MODEL	22205TE TURFMASTER

SPEED	0-6.0 km/h forward
FUEL/CAPACITY	Petrol / 3.8 litres
WEIGHT	72 kg

PROSTRIPE

REAR ROLLER

Leaves a striped finish and ribbed profile provides added traction in damp conditions or rough terrain. With a split differential, turning is easy and won't damage the turf.

1-POINT HEIGHT OF CUT

Makes changing the height of cut quick and effortless with a spring assisted lever.

IMPROVED AIR FLOW

Provides superior collection with integrated front fins to ensure airflow from the deck to the bag.

CLASSIC STRIPES FOR A PROFESSIONAL FINISH

Providing the perfect cut and elegant striped finish to any lawn area, the Toro® ProStripe 560 is the ideal choice for mowing formal lawns around pavilions, club houses and hotels. Sports and golf applications – even residential gardens are no challenge for this high quality, versatile mower.

MID-SIZE WALK-BEHIND MOWER

91CM SIDE DISCHARGE • FLOATING DECK

MID-SIZE

SHOWS UP TO WORK, SEASON AFTER SEASON

A great tool for landscape professionals, these durable, enhanced-productivity mowers are ideal for all hard to access areas. The engine orientation offers a stable method of operating on slopes and the floating deck makes it also suitable for finer turf applications. Its compact size means it can be transported in a commercial van.

- ✓ **PREVENT IMPACT DAMAGE** with TURBO FORCE® 7 gauge steel deck and welded bull-nose bumper.
- ✓ **ENHANCE DURABILITY** with robust cast iron spindle housings with maintenance-free sealed bearings.
- ✓ **FINE-TUNE THE CUT** for different conditions or seasons with the patented adjustable baffle.
- ✓ **REDUCE FATIGUE** with straightforward twin-lever controls (hydro models) or Toro® exclusive T-Bar control system (gear drive models)
- ✓ **CHANGE HEIGHT-OF-CUT** easily with 4-pin adjustment.

30070 – T-BAR GEAR CONTROL

Exclusive 'T-Bar' control system is easy to learn and operate. Peerless 5-speed gear drive system with reverse. Hour meter fitted as standard.

30071 – T2 HYDRO CONTROL

Twin lever 'T2' control system with independent choke and throttle controls provide precise starting for operational control. Twin Hydro-gear pumps ensure smooth and easy operation with fast 8.0km/h forward speed. Hour meter fitted as standard.

MID-SIZE WALK-BEHIND MOWER

91CM SIDE DISCHARGE • FLOATING DECK

ACCESSORIES

COMMERCIAL-GRADE ENGINES

Delivers many hours of trouble-free life. Twin cylinder design runs smoothly and delivers excellent load response.

FLAT-FREE CASTER TIRES

Eliminate time-consuming flats so mowers can spend more time in the field and less time in the shop.

SULKY

30109

RUBBER DISCHARGE CHUTE

Flexes to allow close trimming without damaging the chute or landscaping structures.

TURBO FORCE® DECK

Provides strength and durability with its' heavy-duty welded 7 gauge steel construction. A 13mm wear guard on the trim side of the deck and bull-nose bumper have been added for extra strength.

MID-SIZE WALK-BEHIND MOWER 82CM, 91CM, OR 122CM • FIXED DECK

MID-SIZE

BUILT FOR POWER, BUILT TO LAST

This job is demanding enough. It's good to know there are some things you can count on. Like the way your Toro® mid-size mower stands up to punishing use, season after season. And the TURBO FORCE® cutting system that evenly disperses fine clippings for a flawless cut every time. With comfortable controls and gear or hydrostatic drive, you're well on your way to getting more done in a day.

- ✓ **PREVENT IMPACT DAMAGE** with TURBO FORCE 7 gauge steel deck and welded bull-nose bumper.
- ✓ **ENHANCE DURABILITY** with robust cast iron spindle housings with maintenance-free sealed bearings.
- ✓ **REDUCE FATIGUE** with the industry-standard pistol grip controls.
- ✓ **FINE-TUNE THE CUT** for different conditions or seasons with the patented adjustable baffle.
- ✓ **MAXIMIZE PERFORMANCE** with commercially proven heavy-duty drive system.

MID-SIZE WALK-BEHIND MOWER

82CM, 91CM, OR 122CM • FIXED DECK

REAR DISCHARGE DECKS

Deliver unsurpassed strength with 7 gauge aluminium, a superior cut and increased productivity in extreme mowing conditions.

LONG RANGE FUEL TANK

Provides excellent operational range and offers high productivity through reduced downtime for refueling.

EASY HEIGHT OF CUT ADJUSTMENT

Provides cutting heights ranging from 25 to 108mm in 6mm increments with easy to change vertical pin height of cut system.

COMPACT REAR-DISCHARGE DECK OPTION

Combined with the optional Narrow Wheel Kit, reduces the mowers width to 84cm, enabling the mower to be used where access through gates or bollards is required.

ROBUST FLAIL CONSTRUCTION

Robust 91cm wide 31cm diameter Flail rotor with 24 independent flail blades for effective cutting performance.

GRANDSTAND® STAND-ON MOWERS

GRANDSTAND

NEW!

GET IN, GET DONE AND ON TO THE NEXT JOB FASTER

Rough bumps and challenging terrain are all in a day's work. Feeling them shouldn't have to be. The Toro® GrandStand combines the speed and comfort of a zero-turn rider with the on-and-off ease of a wide area walk-behind — creating a fast, maneuverable and more productive alternative. Cushioned suspension keeps operators fresh while the traction and stability keep them working. It's the ideal combination to get more done in less time.

- ✓ **IMPROVE PRODUCTIVITY** through easy access on and off the machine.
- ✓ **SAVE TRAILER SPACE** and enhance versatility with compact size.
- ✓ **REDUCE OPERATOR FATIGUE** with platform suspension and twin-lever steering controls.
- ✓ **INCREASE OPERATOR VISIBILITY** which leads to less damage and higher-quality work.
- ✓ **ADJUST HEIGHT-OF-CUT** from the operator platform.
- ✓ **REDUCE VIBRATIONS** and improve footing with the anti-fatigue rubber mat.

INNOVATIVE SPEED CONTROL

Changes drive tyre response without limiting the travel of the controls, or slowing down the engine or blades.

FLEX-RIDE OPERATOR PLATFORM

Self-compensates for operators of all sizes, resulting in less fatigue and more productivity all day.

2-IN-1 VERSATILITY

Converts the GrandStand to a walk-behind. Just lower it back down to ride – no need to switch mowers.

ULTRA-COMPACT FOOTPRINT

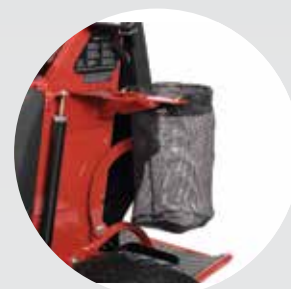

Ideal for smaller residential properties or areas with gates and tight spaces, available in 91cm and 102cm models.

2000 SERIES

BIG ON FEATURES, NOT YOUR BUDGET

Budget-minded pros and large acreage owners, meet your match. The Commercial 2000 Series is the perfect entry into our professional-grade line. These workhorses stretch your investment with Toro® durability — and there's nothing entry-level about the crisp, clean cut. Try the 2000 Series and you'll see what we mean (and you'll never want to go back).

- ✓ **GAIN DURABILITY** with a 7/10 gauge high-strength steel deck and a rugged 7.6 cm x 3.8 cm tubular steel carrier frame.
- ✓ **ENJOY ADDED STABILITY** with a low center of gravity for greater handling on hills.
- ✓ **MINIMIZE MAINTENANCE** with a heavy-duty canister air filtration system that protects the engine.
- ✓ **INCREASED PERFORMANCE** from commercial-grade ZT-3400 hydraulics.
- ✓ **CHANGE DECK HEIGHT** quickly and easily with the standard lift assist pedal.

TURBO FORCE® DECKS

Resist impact damage, even in extreme conditions with 12.7 cm deep 7/10 gauge steel deck and strong 20 cm aluminium spindle housings.

CUSTOM-DESIGNED SEAT CUSHIONS

Reduce fatigue and increase operator comfort with thick, custom-designed cushions and large bolsters.

COMMERCIAL ENGINES

Provide professional-grade power with the twin-cylinder FX engines by Kawasaki.

COMMERCIAL-GRADE ZT-3400 HYDRAULICS

Eliminate hoses and potential leak points with the integrated pump and wheel motor.

6000 SERIES

NEW!

MASTER THE TOUGHEST JOB CONDITIONS

The Toro® Z Master Professional 6000 Series is the next generation of petrol powered zero-turning radius mowers. Building on industry leading performance features like TURBO FORCE® cutting technology, the toughest spindle assemblies and more, Toro has added improved comfort, enhanced traction and control plus additional professional features. The Z Master Professional 6000 Series models have a low center of gravity, adding more stability for improved handling on slopes and superior manoeuvrability.

- ✓ **HANDLE DEMANDING CONDITIONS** with the powerful 726–852 cc engines.
- ✓ **REDUCE OPERATOR FATIGUE** with a thick, cushioned, deluxe suspension seat and 3-D isolator mounts that absorb vibrations.
- ✓ **EASE OVER BUMPS**, raised areas and turns with the convenient foot-pedal deck lift.
- ✓ **OUTSTANDING STABILITY** is yours with a low center of gravity that enhances handling on hills.
- ✓ **SMOOTH AND POWERFUL RESPONSE** from unitized pump and wheel motors.
- ✓ **ABSORB IMPACT**, eliminate deck sway and get a clean cut on hillsides with the robust deck hanging system.

NEW MyRIDE™ SUSPENSION SYSTEM

Long days will feel short with the all-new amazingly comfortable MyRIDE™ suspension system (74909TE only). The fully suspended, adjustable operator platform isolates bumps and vibrations so you don't feel the rough terrain. It's the Toro toughness you expect with a ride you won't believe.

Z MASTER® PROFESSIONAL 6000 SERIES

TURBO FORCE® CUTTING DECKS
Feature 6 mm thick heat-treated steel blades. Nothing cuts as fast or as well.

TOUGH SPINDLES
Survive impacts that would destroy lesser spindles, thanks to a stout cast iron housing and massive base.

COMFORTABLE RIDE
With a deluxe suspension seat that features thick cushions, large bolsters and 3-D isolator mounts that absorb bumps and vibrations to reduce operator fatigue.

DECK LIFT ASSIST
Adjusts the deck height quickly and easily with the standard deck lift assist foot pedal.

PERSONALIZED RIDE SETTINGS
Allows the operator to easily and quickly adjust their ride settings to account for their personal ride preferences, without tools. (74909TE only)

MAXIMUM COMFORT
The fully suspended operator platform allows for 91mm of travel and reduces impacts, bumps and vibrations that reach the operator, resulting in a superior ride. (74909TE only)

Z MASTER® PROFESSIONAL 7000 SERIES

7000 SERIES

DOMINATE THE MOST DEMANDING JOBS

It's 7 a.m. The grass is long and wet. And you've got five more properties to mow after this one. At times like these, you don't want a struggle. You need power. Toro's Professional 7000 Series gives you the torque to take on extreme mowing conditions that would max out a conventional gasoline-powered mower. Better yet, it runs on diesel, so you get more power with less fuel than a comparable gasoline engine.

- ✓ **POWER THROUGH** the toughest conditions with the high-torque 3-cylinder diesel engine.
- ✓ **RESIST DAMAGE** from debris with the rugged deck made of 7 gauge, high-strength steel.
- ✓ **USE BIODIESEL** fuel blends with the compatible fuel pump, fuel filter and fuel lines.
- ✓ **SURVIVE IMPACTS** that could destroy lesser spindles with Toro's robust spindle assemblies.
- ✓ **SAVE DOWNTIME** with flat-free, semi-pneumatic caster tires.
- ✓ **REDUCE OPERATOR FATIGUE** with a thick, cushioned, deluxe suspension seat that absorbs vibrations.

TURBO FORCE® DECK

Works with the high-torque diesel engine for outstanding results at higher ground speeds.

DIESEL ENGINES

Lower fuel consumption and are more efficient than comparable petrol engines. Diesel fuel also contains about 18% more energy by volume for extra power.

BIODIESEL READY ENGINES

Accept up to 20% biodiesel (B20) fuel blends, which can cut emissions nearly in half vs. traditional diesel fuel (based on EPA-designed engine tests)

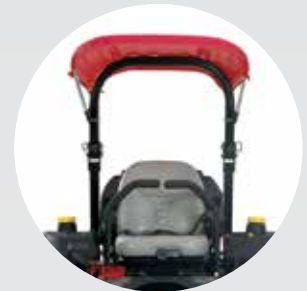

LIQUID-COOLED ENGINE SYSTEM

Extends engine life with cleaner combustion. Plus, a well-balanced engine keeps vibration to a minimum.

Z MASTER® PROFESSIONAL
8000 SERIES • DIRECT COLLECT Z

8000 SERIES

NEW!

THE PERFECT ANSWER FOR A PERFECT CUT

For high-end properties, a clean, manicured look is everything. The 8000 Series Direct Collect Z gives you that and much more. A powerful blower moves more air, allowing large volumes of material to be thrown into the hopper. The rear-discharge deck lets you trim on either side while keeping flower beds and walkways clipping-free. And the high-capacity collection system helps extend mowing time. With ground speeds up to 11 kph, the 8000 Series is the answer for a perfect cut in less time.

- ✓ **TRIM ON BOTH SIDES** with the rear direct collect deck to keep flower beds and walkways clipping-free.
- ✓ **SLICE GRASS INTO FINE PARTICLES** with a higher blade tip speed and optimal recycling kits for a consistent, high-quality cut.
- ✓ **REDUCE DOWNTIME** with features that reduce maintenance including a heavy-duty sealed gearbox and a simple, reliable belt drive system.
- ✓ **MOW LONGER** with the 28 liter fuel tank and the high-capacity collection system for bagging and mulching for fewer stops.
- ✓ **GAIN PRODUCTIVITY** with a ground speed of up to 11 kph and a hydro drive system for efficient, precise control.

WATCH THE VIDEO

Toro.com/LCE-videos

FILL-REDUCTION SYSTEM

Switches from 100% bagging to 50% recycling and 50% bagging, so the hopper can be emptied less frequently.

EFFORTLESS CONTROLS

Enable you to manoeuvre in tight spots almost effortlessly.

OUT FRONT DECK DESIGN

Allows for more manoeuvrability and mowing in tighter areas where traditional zero turns can't.

HIGH CAPACITY HOPPER

Means less time emptying and more time mowing. Exclusive baffle design fills the 33 cm³ hopper evenly back to front for maximum efficiency.

TOUGH, DEEP DECKS

Made of welded 7/10-gauge steel, the deep 11.7 cm design handles taller grass and provides greater vacuum for a clean, refined cut.

REAR DISCHARGE DECK

Allows for trimming on either side, keeping flower beds and walkways clipping-free.

PARTS & AFTERMARKET SUPPORT

PARTS & AFTERMARKET SUPPORT

EXPERIENCE THE TORO DIFFERENCE... ONLY AT YOUR LOCAL TORO DEALER

When you buy a Toro, you get the total Toro treatment. Your Toro dealer knows how to treat you right. They roll out the red carpet every day to provide you with exceptional customer service, competitive pricing, special financing options and more. Visit your independent dealer for products that cover your needs year-round, or go to toro.com

GENUINE TORO® PARTS

To best protect your investment and maintain optimal performance of your turf equipment, count on Toro genuine parts. When it comes to reliability, Toro delivers replacement parts designed to the exact engineering specifications of our equipment. For peace of mind, insist on Toro genuine parts.

RESPONSIVE TORO DEALERS

Toro dealers have the skills, training and commitment to keep your equipment performing its best. Leveraging their extensive inventory and Toro's industry-leading 98% fill rate on parts, your Toro dealer leads the market in parts availability.

CUSTOMER CARE

Toro has an extensive network of factory trained professional dealers in place to ensure you have the parts and service support needed to keep your Toro product running at peak performance. Visit Toro.com to find the dealer nearest you.

CLICK WWW.TORO.COM

Find immediate answers to frequently asked questions and other helpful information, including a dealer locator, parts lookup, product registration, downloadable owner's manuals, safety information, special financing offers and interactive product manuals.

VISIT YOUR LOCAL TORO DEALER

Count on our national network of factory-authorized dealers for genuine Toro parts and service support. Toro landscape contractor equipment dealers regularly undergo extensive technical training to stay knowledgeable about the servicing and operation of new products.

HIGH-PERFORMANCE HYDRO OIL

Toro offers high-performance hydraulic oil specially formulated to maximize our commercial mowers' performance. Compared to other hydraulic oils, Toro HYPR-OIL 500™ offers greater thermal stability, higher shear resistance, and excellent wear protection — all at a similar price. The unique formulation also doubles the service interval to 500 hours on 2009 and later model year equipment, including Z Master® G3 and GrandStand® mowers.

MVP BLADE AND BELT PACKS

Stock up and save with specially priced Toro MVP (Maintenance, Value and Performance) Blade and Belt Packs for most gasoline-powered Toro Z Master® models. Each pack contains a supply of commonly replaced maintenance parts, including three standard blades, one hydraulic oil filter, one deck drive belt and one traction or pump drive belt.

WHY CHOOSE TORO BLADES AND BELTS?

Made specifically for Toro mowers, Toro belts are manufactured to tight tolerances to provide optimum fit, minimize slippage and ensure dependable performance. Toro blades are crafted from heat-treated alloy steel to resist flexing and abrasive wear, as well as to provide a crisp, clean cut.

TORO® TOTAL COVERAGE GUARANTEE

Toro stands behind its equipment with comprehensive warranty coverage (see your Toro dealer for complete details).

- Five-year or 1,200-hour¹ limited warranty on GrandStand® and most Z Master® mowers (four-year or 400-hour¹ limited warranty on other Z Master models), with a two-year commercial engine warranty² and a limited lifetime frame warranty³
- Two-year limited warranty² on mid-size walk-behind mowers
- One-year limited commercial warranty on 53 cm professional walk-behind mowers (2-year limited engine warranty on 53 cm Heavy-Duty models)
- One-year limited warranty on batteries and attachments

¹ Whichever occurs first.

² Some engines used on Toro LCE Products are warranted by the engine manufacturer.

³ Original owner only. Lifetime Frame Warranty — If the main frame, consisting of the parts welded together to form the tractor structure that other components such as the engine are secured to, cracks or breaks in normal use, it will be repaired or replaced under warranty at no cost for parts and labor. Frame failure due to misuse or abuse and failure or repair required due to rust or corrosion are not covered.

SAFETY AND TESTING

PROTECTING BOTH YOU AND YOUR BUSINESS

SAFE PRODUCTS DESIGNED TO PROVIDE PEACE OF MIND

Toro has a longstanding reputation for designing safe products. Just one example: All Toro Z Master® zero-turn riders are equipped with a folding roll-over protection system as a standard feature. All Toro LCE products are CE compliant.

SAFETY EDUCATION FOR YOU AND YOUR EMPLOYEES

At Toro, we produce our mowers with safety in mind and test against rigorous safety standards, but it doesn't stop there. We offer many tools to help train and protect you and your crew — and help safeguard your business. From on-line interactive, multi-lingual manuals and safety quizzes to product safety and training. Please visit the product safety information page on toro.com for more information.

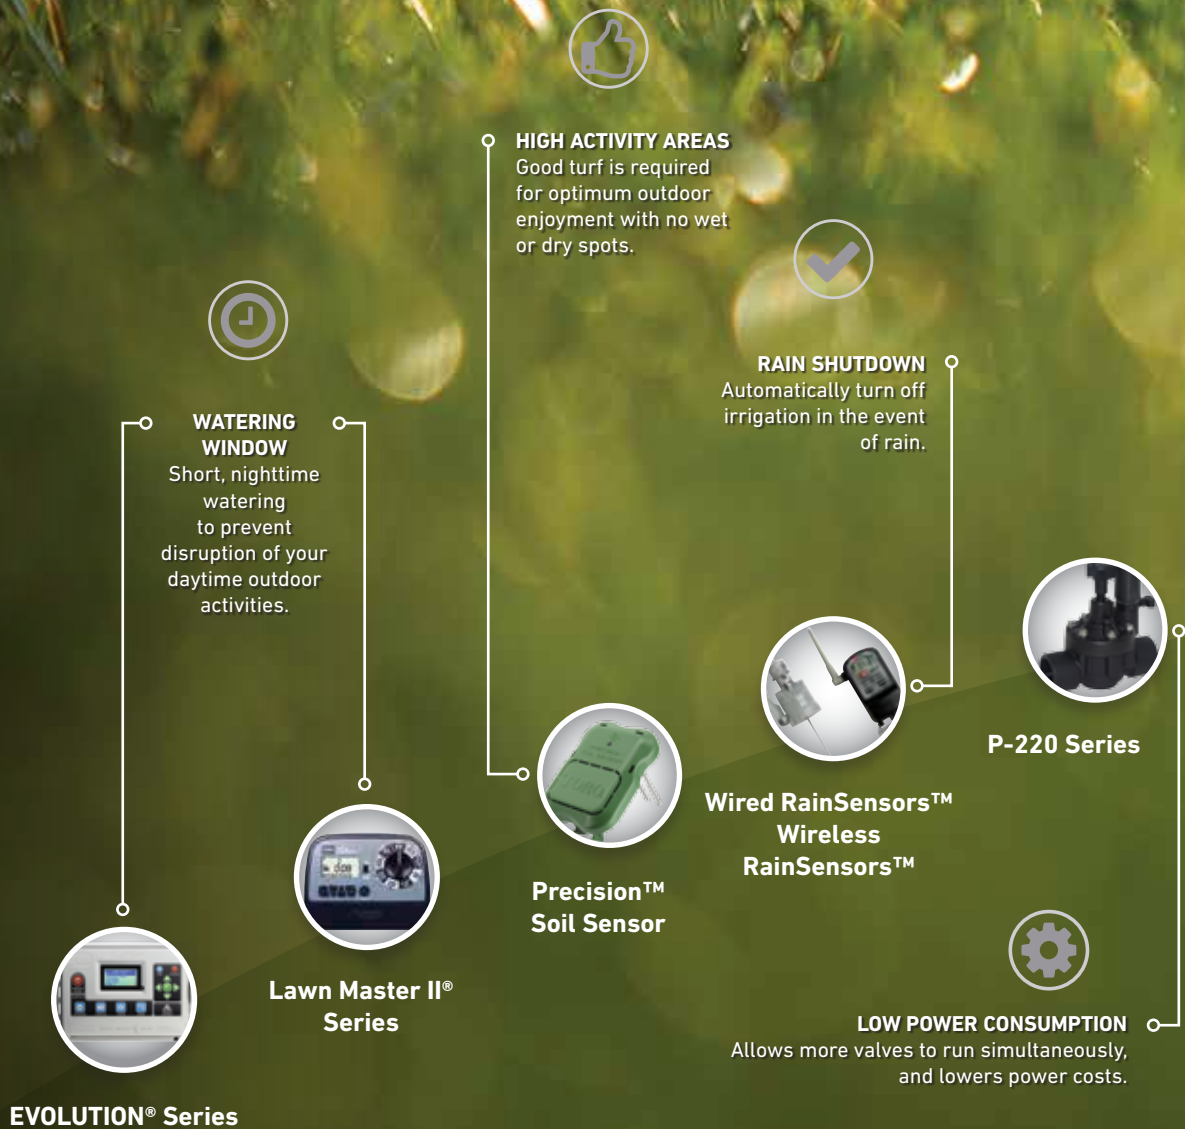

PERFORMANCE EVALUATIONS FOR THE PROS, BY THE PROS

Each new Toro product is subjected to extensive high-tech testing at Toro's corporate headquarters, as well as coast-to-coast field evaluations in various types of turf and environmental conditions. Even after all of this testing, we still place product samples in the field with landscape professionals to ensure the equipment performs as intended.

TORR IRRIGATION

SAVING TIME & WATER HAS NEVER BEEN EASIER.

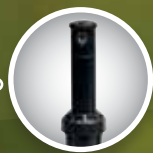

**DL2000™
Series**

LANDSCAPE DRIP
Deliver optimal water application directly to your garden's root zone

**T5
RapidSet®**

12.7 CM POP-UP HEIGHT
Delivers an extra inch of pop-up height, and allows the nozzle to clear tall grasses

**570-Z Spray
with X-Flow
Shutoff**

**INTERNAL WATER
SHUT-OFF DEVICE**
Built into the riser, restricting water loss by 99% if the nozzle is removed or damaged

**Precision™ Series
Rotating Nozzles**

CONSISTENT ROTATION
Delivers wind resistant, multi-stream, and multi-trajectory patterns.

**Precision™ Series
Spray Nozzles**

H²O CHIP
Larger, more uniform droplets for more consistent irrigation
